Bancroft's

Independent Co-educational Day School 7–18

Admissions Policy

We are committed to ensuring our young people are given the opportunity to have a complete, happy and successful career at Bancroft's, leaving as confident, well-educated and competent adults, ready for the challenges ahead. We promote our school values of curiosity, integrity, kindness, balance, courage and excellence: the human qualities necessary to flourish within a community.

We are an academic school and entrance is subject to assessment as detailed below and on the School's website. We are looking for candidates who, as part of a co-educational environment, will contribute to and take advantage of the vast array of opportunities available; we receive many more applications than we have places. Some candidates may be placed on a waiting list following the examinations and interview and may be offered places if vacancies arise. Our pupils come from a diverse mix of backgrounds, and we greatly value our multi-ethnic and multi-faith community, believing it to be an ideal nurturing ground for our society, developing understanding and respect for individuality and for those around us.

The School applies the entrance criteria to all potential pupils regardless of any disability, race, gender, ethnicity or sexual orientation. Where we are made aware of individual circumstances, we will make reasonable adjustments where possible in order not to put a pupil at a disadvantage compared to their peers. Further details can be found in the Equal Opportunities Policy for Pupils.

The School asks parents and carers to inform us at the time of application, of any disability, specific learning need or any other issue which may be relevant to their application. In assessing candidates, the School may take advice and require assessments that are deemed necessary, but will be sensitive to any requests for confidentiality. The School welcomes applications from pupils with special educational needs or other needs and has an experienced SEND department that provides learning support for all pupils who require it. Members of the SEND Department may carry out school visits for students with SEND, in order to gain more information regarding the level of support required. The School will not offer a place if, after all reasonable adjustments or other arrangements have been made, the School will not be able to provide adequately for the pupil's physical and educational needs.

There are two main ages of entry to Bancroft's: at 7+ (into Year 3) and at 11+ (into Year 7); in addition, we admit smaller numbers at 16+ (into Year 12). Places may occasionally become available in other year groups.

- 7+ (into Year 3). Entrance is by our own competitive test, held in January of the year of entry. Candidates will be invited into the Preparatory School on two separate occasions to take tests in Maths, English and Non-verbal reasoning. We are in a fortunate position to recruit about 60 pupils at this age, from a very wide range of independent and state schools.
- 11+ (into Year 7). We recruit approximately a further circa 60 pupils at this age, from a very wide range of independent and state schools. Entrance is by our own competitive exam, held in January of the year of entry, which involves a computer-based reasoning test and written papers in English and Maths. Sample papers are available on our website. Following the exam, selected children are invited for interview.

- 16+ (into Year 12). We recruit about 25 pupils at this age, from a wide range of independent and state schools. Entrance tests take place in November of the year before entry i.e. at the beginning of Year 11; All applicants will sit an online aptitude test along with two written exams from a choice of the subjects that Bancroft's teaches at GCSE level. Exams should be in subjects the candidate is intending to take at A Level or subjects that relate to them. Candidates wanting to study Maths at A Level must sit the Mathematics entrance paper. Places are awarded conditionally, and candidates are usually expected to achieve a minimum level of achievement at GCSE (usually 5 or more subjects at Grade 8 or 9).

We may also accept applications for Sixth Form entry once pupils have received their GCSE results. Candidates should contact the School with their GCSE exam results in August. Candidates will have achieved a minimum of five 8 or 9 grades at GCSE, and at least an 8 in the subjects they wish to study in the Lower Sixth (Year 12).

Candidates may be invited for interview having considered their GCSE exam results; offers may be made subject to receiving a good academic reference from their current school's Head, their GCSE grades and space available.

Parents and carers of applicants are informed by an agreed date of the outcome of the application. No specific marks (raw or percentage) or grades will be given. The papers themselves are not released. Examination scripts are exempt from Section 7 of the Data Protection Act. The entrance test results are final and there is no appeal process.

The School awards **Academic Awards** at 11+ and 16+ as part of the entrance process. There is **no remission** of fees attached to any Award, but academic recognition with a small honorarium.

Music awards are also granted at 11+ and 16+. Those who are shortlisted for interview and register interest in applying for the award will be auditioned. Details of the award can be found on our website. There is **no remission** of fees attached to this award.

Sports, Art, Drama and Community Awards are available to pupils once they have joined the School.

The School also offers a number of **Assisted Places (bursaries)**; these are designed to support pupils of high ability whose parents /carers provide evidence that they might not otherwise be able to afford the full school fees. Bancroft's has a long tradition of taking pupils from a variety of backgrounds, and participated in the Direct Grant and the Assisted Places Schemes. The School now continues that tradition by offering a number of Assisted Places. The places are awarded on the results of the entrance examinations at 7+, 11+ and 16+ with school reports and interviews playing an important part. The value of an award depends on a number of factors; please see the [School's Assisted Places policy](#).
